

Imai Keller Moore Architects Colleges and Universities

Babson College

Upper Athletic Fields
Pressbox and Bleachers
Wellesley, MA

2001

Imai Keller Moore designed the final phase of the upper athletic field expansion at Babson College adding a pressbox and 1000 seat outdoor bleacher for viewing of events on both the natural and synthetic turf field. Part of the complex included an entry gate and lighting marking the primary entrance to the fields from the parking areas.
