

## Imai Keller Moore Architects Colleges and Universities

Harvard University  
Gordon Track Offices  
Boston, MA

3000sf Renovation

Imai Keller Moore, working with Harvard's Athletic Department and Faculty of Arts and Sciences, renovated the Gordon Track Building for new lockers and office space. Part of the new Track and Field Offices is a donor lounge which looks out on the track area through a full glass wall. The renovation was designed to meet Harvard's Green Design Initiative and LEED Certified criteria.
